"Time it was and what a time it was.

It was a time of innocence,

A time of confidences,

Long ago it must be.

I have a photograph.

Preserve your memories.

They're all it's left you."

Simon and Garfunkel

## In Memoriam

*In memory of Theodore Noeth, known affectionately as Ted, who served his community as a teacher for twenty-one years and as the head of the science department for nine years. Before teaching, Mr. Noeth, along with two other brothers, owned and operated a business. He then served in the armed forces during World War II, and later graduated valedictorian from Shurtlett College. Mr. Noeth's family consists of his wife, Helen; his son Larry who teaches at GCHS South; his daughter Carol who teaches at GCHS North, and another son Don, who is planning to become a teacher. Mr. Noeth donated much time to improving the science curriculum at the local parochial schools as well as the public schools. His influence will be felt for years to come in Granite City.*

## Yearbook Staff

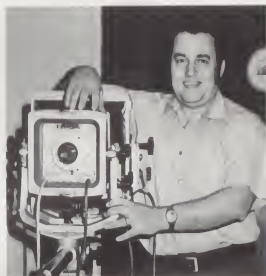

*The main function of the Yearbook Staff is to assemble the Warrior Yearbook. The hard work and determination of the staff is illustrated in the final product of the yearbook. Throughout the year, sleepless hours of work, and the agony of deadlines have tormented the staff. However, in the final analysis they are rewarded by the success of the yearbook. The editor in chief, Dianne Ripper and the sponsor, Mrs. Cynthia Hormell have worked vivaciously side by side to produce the 1974 Warrior Yearbook.*

*Yearbook keeps Cindy on the move.*

'...develops mental stamina.'

According to Kevin Konzen, "Track builds self-discipline and develops mental stamina." Through hard work and a trying schedule, seven athletes were able to qualify for the Illinois State Track meet held at Eastern Illinois University at Charleston.

The qualifiers were Tom Schooley in the 120 and 330 yrd. hurdles; Dwayne Terry in the mile run; Doug Hartman in the shot put; and the mile relay consisting of Joe Ward, Greg Ahlers, Frank Holmes and Tom Schooley.

Robin Deterding claims, "Track takes dedication." The girls' dedication showed as they arrived for morning practice at 6:45 at the beginning of the season. The workout consisted of running stairs, lifting weights and working on various techniques.

Mrs. Charbonnier commented that this was the first year practices were held after school. As a result, the team greatly improved its record.

An expanded schedule next year will provide more opportunities for the girls to show their skill.

Bob Sawicki views "tennis as a game of strategy, consistency and stamina." To prove his point the tennis team had a 11-3 conference record and a 17-6 overall record, with a twelve game winning streak.

Bill Rusick, the number one singles player, placed fourth in state after losing in the semi-finals to the eventual state champion.

Next year's young team has great potential and could easily become a conference contender according to Coach Harmon.

At the spring athletic banquet Brian Sykes was named the Most Valuable Player, and Paul Mushill received an award for the best batting average: .281. Even though eleven seniors, five juniors and three sophomores lettered, the team had a disappointing record of 9-15.

Seniors gave their final performance in Arthur Miller's **The Crucible**, directed by Ron Pennell. Set in Salem, Massachusetts in 1692, the play disclosed the suspicion, frustration and fear felt by the nineteen people who were hanged in the witch trials.

Shelly Boyd, Annette Tarpoff, Janet Moss, Greg Terrell, Leon Scroggins and Kevin Kearns starred in the major roles.

Annette Tarpoff, as Elizabeth Proctor, commented, "Nothing is as taxing or as satisfying as performing."

'Nothing is as taxing or as satisfying...'

'...hours of practice.'

The vocal students combined their acting and singing talent to make their first musical **South Pacific** a success. The love of a young nurse and a French planter dominated the scenes between Jennie Powderly and David Tripp.

Margaret Schnefke said, "May Day requires hours of practice but the evening is worth it." The theme this year was "Picture This" with paintings serving for the basis of the music. Girls from P.E. classes practice six weeks for the event.

# A time to remember

Counting the days to graduation . . . writing term papers . . . skipping study halls . . . giving your hall passes to an underclassman . . . selling your notes . . . deciding who to go to the prom with . . . going to a lonely hearts party the night of the prom . . . dressing for tacky day . . . burning up in your gown during recognition assembly . . . ordering your gown only to get the wrong color and size . . . not being accepted at SIU . . . being upset because senior grades were turned in late . . . waiting until the eighth hour to see if you graduate . . . suffering through the hot practice . . . wondering why you didn't get a gold tassel . . . hoping your name is pronounced correctly . . . wearing cutoffs under your robe . . . trying to find out where the graduation party is . . . not knowing what to do after graduation . . . counting the loot from relatives . . . knowing you will never see some of your friends again . . . laughing about "from kindergarten to Kuenstler" . . . tripping down the steps while changing your tassel from left to right . . . or is it right to left . . . not coming home that night . . . getting your diploma only to discover that there are no job openings . . . missing the pleasures of high school . . . looking forward to a bright future . . . your high school days will always be a time to remember . . .

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems in the community. The Department of Health (1999) has set out a vision for the future of mental health services, which includes a focus on preventing mental health problems, supporting people with mental health problems in the community, and providing specialist services for people with severe mental health problems. The vision is based on the principles of recovery, which is a process of achieving a meaningful life and a sense of purpose, and of self-help, which is a process of taking control of one's own life and making decisions about one's own future. The vision is also based on the principles of partnership, which is a process of working together to achieve common goals, and of empowerment, which is a process of giving people the power to make decisions about their own lives.

"Time it was and what a time it was.

It was a time of innocence,

A time of confidences,

Long ago it must be.

I have a photograph.

Preserve your memories.

They're all it's left you."

Simon and Garfunkel
